date of each exportation. A U.S. producer who provides written notification that certain information in a certification of origin is incorrect and who is unable to identify the specific export transactions under this paragraph must provide as much information concerning those transactions as the producer, by the exercise of good faith and due diligence, is able to obtain;

(3) Specifies the nature of the incorrect statements or omissions regarding the declaration or certification; and

(4) Sets forth, to the best of the person's knowledge, the true and accurate information or data which should have been covered by or provided in the declaration or certification, and states that the person will provide any additional pertinent information or data which is unknown at the time of making the corrected declaration or certification within 30 calendar days or within any extension of that 30-day period as CBP may permit in order for the person to obtain the information or data.

(d) *Substantial compliance.* For purposes of this section, a person will be deemed to have voluntarily corrected a declaration or certification even though that person provides corrected information in a manner which does not conform to the requirements of the written statement specified in paragraph (c) of this section, provided that:

(1) CBP is satisfied that the information was provided before the commencement of a formal investigation; and

(2) The information provided includes, orally or in writing, substantially the same information as that specified in paragraph (c) of this section.

(e) *Tender of actual loss of duties.* A U.S. importer who makes a corrected declaration must tender any actual loss of duties at the time of making the corrected declaration, or within 30 calendar days thereafter, or within any extension of that 30-day period as CBP may allow in order for the importer to obtain the information or data necessary to calculate the duties owed.

(f) *Applicability of prior disclosure provisions.* Where a person fails to meet the requirements of this section because the correction of the declaration

or the written notification of an incorrect certification is not considered to be done voluntarily as provided in this section, that person may nevertheless qualify for prior disclosure treatment under 19 U.S.C. 1592(c)(4) and § 162.74 of this chapter.

GOODS RETURNED AFTER REPAIR OR ALTERATION

§ 10.490 Goods re-entered after repair or alteration in Chile.

(a) *General.* This section sets forth the rules which apply for purposes of obtaining duty-free treatment on goods returned after repair or alteration in Chile as provided for in subheadings 9802.00.40 and 9802.00.50, HTSUS. Goods returned after having been repaired or altered in Chile, whether or not pursuant to a warranty, are eligible for duty-free treatment, provided that the requirements of this section are met. For purposes of this section, “repairs or alterations” means restoration, addition, renovation, re-dyeing, cleaning, re-sterilizing, or other treatment which does not destroy the essential characteristics of, or create a new or commercially different good from, the good exported from the United States.

(b) *Goods not eligible for treatment.* The duty-free treatment referred to in paragraph (a) of this section will not apply to goods which, in their condition as exported from the United States to Chile, are incomplete for their intended use and for which the processing operation performed in Chile constitutes an operation that is performed as a matter of course in the preparation or manufacture of finished goods.

(c) *Documentation.* The provisions of § 10.8(a), (b), and (c) of this part, relating to the documentary requirements for goods entered under subheading 9802.00.40 or 9802.00.50, HTSUS, will apply in connection with the entry of goods which are returned from Chile after having been exported for repairs or alterations and which are claimed to be duty free.
